

Savings Summary

This savings summary highlights a selection of services provided by dental offices participating in Smile Protection Dental Plan ("Plan"). "Member Pays/Saves" reflects the dollar amount or percentage savings that Plan members in good standing may receive on dental services rendered by a participating dental provider, based on the range observed across participating states. Unless otherwise specified, plan discounts do not apply to services performed by a dental specialist (i.e., periodontics, endodontics, orthodontics, and oral surgery) or dental hygiene products (e.g., chlorhexidine, toothbrushes, etc.). Member savings and plan incentives are exclusive to participating dental offices. Exact member savings and availability of certain procedures may vary by location and state. Free exams and x-rays provided on an as-needed basis at the discretion of the dental provider.
